

Kairos ID™

Perfectly labeled tubes in 2 seconds.

Kairos ID™ M Series Automated Tube Labeling System

*Kairos ID M Automated Tube Labeling System,
Mini (Tabletop)*

Kairos ID is an automated, on demand tube labeling system engineered to provide:

Patient Safety

It only takes one error to jeopardize a patient's well-being. Kairos ID is designed to help prevent labeling errors, reduce order of draw mistakes, and ensure that the patient and specimen match.

Improved Efficiency

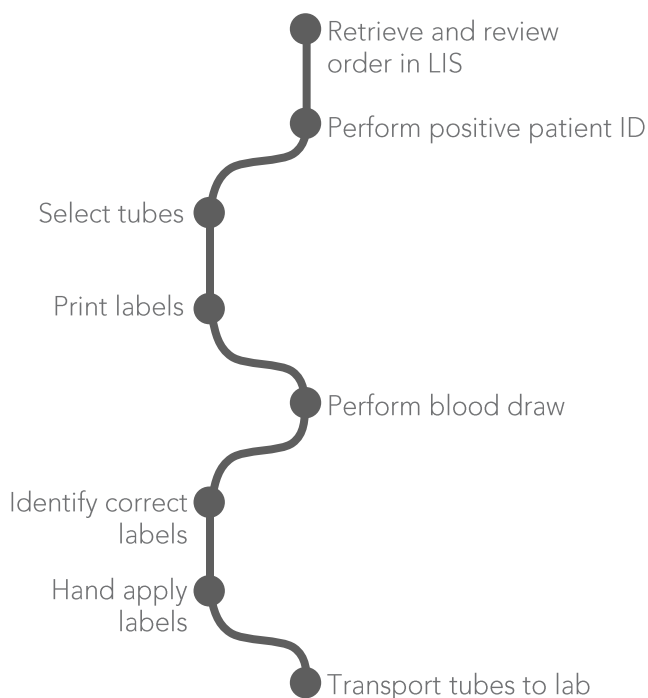

Time adds up and manual tube labeling takes time. Kairos ID automation provides an 80% time savings for repetitive tasks.*

Ease-of-Use

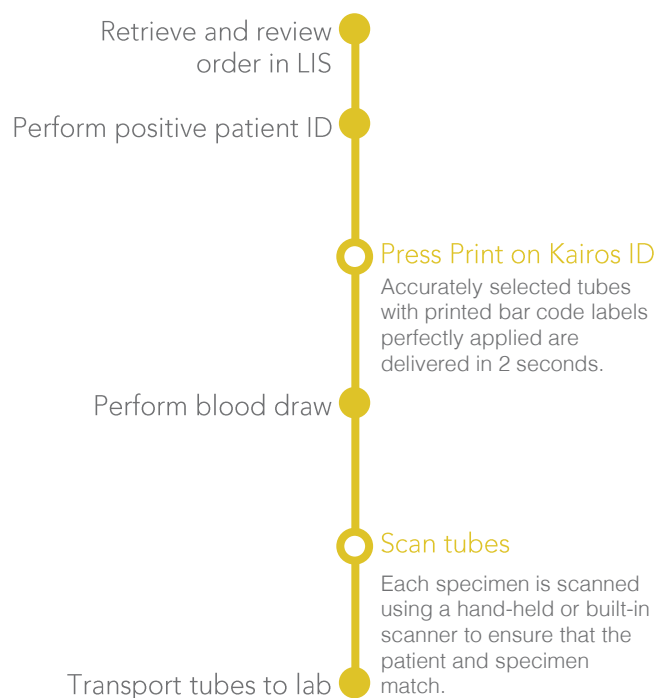

Kairos ID integrates into your LIS to quickly dispense perfectly labeled tubes with just the push of a button.

Current Process

4 opportunities for human labeling error with traditional labeling process

Kairos ID Process

3.5X labeling rate efficiency using Kairos ID Automated Tube Labeling System*

Kairos ID M System Features

Kairos ID™

Tube Labeling Automation

Compact

Tube dispenser, label printer, and label sticking module are all housed in a compact desktop unit with a convenient touch screen LCD status window.

Versatile

Available as stand-alone tabletop unit for single draw station or as a mobile unit with integrated phlebotomy cart for use at point of care.

High Capacity

Holds up to 140 tubes (20 tubes per inlet, 7 inlets) for an hourly production volume of 1,200 tubes.

LIS Integration

LIS communicates with Kairos ID software to direct automated labeling and confirm patient match.

Tube Compatibility

Compatible with numerous tube types, including BD, Greiner, Ampulab, Insepack, Sarstedt and more.

Precise Labeling

Labels are automatically printed and perfectly applied to the tube, preventing wrinkles and unscannable bar codes.

Uniform Mixing (Cart)

Tube roller mixer assists in uniformly mixing samples in tubes with additives.

Functional Storage (Cart)

Spacious bins and multiple shelves provide ample space for phlebotomy supplies.

Available Options

System Configurations

Kairos ID M	Kairos ID M Automated Tube Labeling System, Mini (Tabletop)	23.6" (W) x 15.7" (H) x 7.8" (D)
Kairos ID MC	Kairos ID M Automated Tube Labeling System, Mini (Mobile Cart)	33.3" (W) x 39.4" (H) x 17.7" (D)
